## ABOUT ME

I'm an accomplished backend developer with expertise in Node.js, Express, Java, C# and MongoDB. Proficient in crafting efficient APIs, I excel in delivering robust server-side architectures for web applications. My project management background shines as I lead teams to optimize CI/CD processes. Furthermore, I'm skilled in DevOps practices like Docker, Kubernetes, and AWS,streamlining application delivery

## EDUCATION

**FAST NUCES, Islamabad**
**2020 - 2024**
Bachelor of Science in
Software Engineering
3.2/4 GPA

**Government College, Civil Lines, Lahore**
**2018 - 2020**
Intermediate of Computer
Science (ICS)
Overall Grade: A+

## CERTIFICATION

**Developing Backend Apps**
IBM

**Programming with JavaScript**
Meta

**React Basics**
Meta

## EXPERTISE

Nodejs   DevOps   C#
CI/CD   MERN Stack   AWS

## INTREST

Blockchain   Android Dev
React   UI/UX   SEO

## EXPERIENCE

**CREATEEX**                     Oct 2023- Present
Backend Developer
Assisted students in resolving problems related to code that did not follow Software Engineering practices

**FAST NUCES**                  Sep 2022- Jan 2023
Teacher Assistant
Assisted students in resolving problems related to code that did not follow Software Engineering practices

**QUEST**                       Jun 2022- Aug 2022
Backend Intern
Designed and developed a generic SQL parser in Java to standardize the syntax and format of database design queries sent to another software at Quest Lab

**AIM**                         Jan 2022- Mar 2022
Research Assistant
Collaborated with Professor to develop Object Constraint Language(OCL) for Business Process Modeling Notation (BPMN) to facilitate business process engineering

## PROJECTS

**FleetGuard | MERN | Python**
AI driven Fleet Safety & Compliance System

**BRAELO | NodeJS**
A US based Sales and Event Management

**Bazar.pk | MERN Stack**
Multi vendor E-commerce Store Management System

**HotelHub | MERN Stack**
Multi vendor Hotel Management System

**Food on Wheels | Java**
Multi vendor food delivery Management System

**and many more**
